Lion's Roar '65

Lakeview High School

Port Arthur, Ontario

## TRIBUTE TO BOBO

We love you Bobo,  
Oh yes, we do,  
'Cause you're our mascot,  
In white and blue.

When you're not near us,  
We're through--  
Oh Bobo, we are true.

You lucky lion,  
Of Lakeview High,  
You make our spirits,  
Soar to the sky.

When you're not near us,  
We're through--  
Oh, Bobo, we love you.

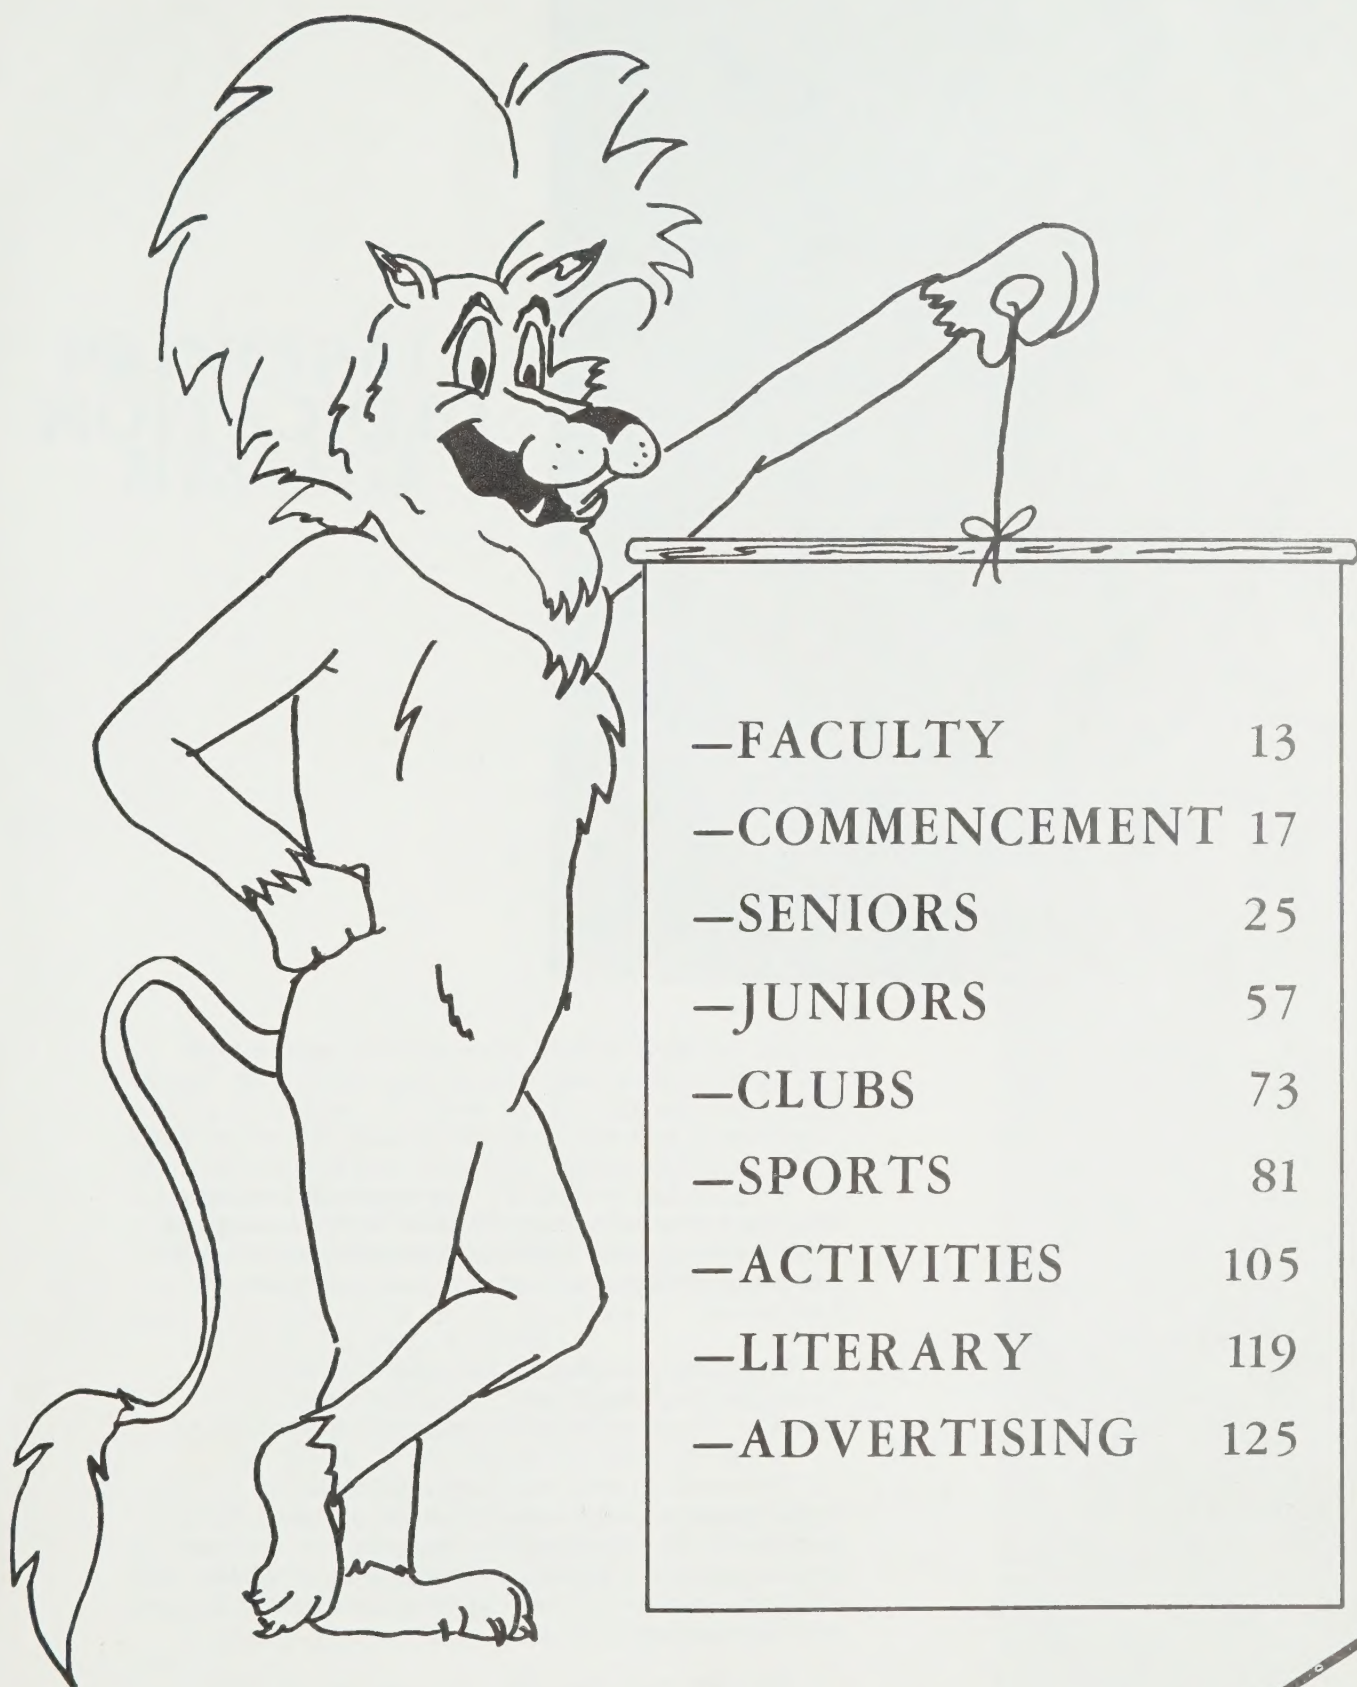

## SCHOOL SONG

Rah, rah, rah Lakeview High School,  
You're the rarest, fairest in the land.  
Here's to students true, and teachers too,  
Need we say we think you're simply grand.  
Rah, rah, rah Lakeview High School  
Raise your colours blue and white,  
And where 'ere we go, the people know  
That we're out to do the thing that's right.  
We know we belong to the best,  
And the others belong to the rest.  
And we say "YEOW!"  
A yip-i-o-ee-ay,  
We're only saying,  
We're doing fine Lakeview High School,  
Lakeview High School's OKAY!

## DEDICATION

We, at Lakeview are fortunate in having teachers who are good friends as well as good instructors. Mr. Gehrels' cheerful smile and warm greetings have become a vital part of Lakeview.

Not only does he fit in well with his "youthful surroundings", he is an excellent teacher whom everyone respects and admires.

We wish to express our appreciation for his willingness to serve as the staff adviser for the yearbook. In this position he is more than an honorary figurehead: besides the actualities of advising and proofreading he gives encouraging moral support.

To you Mr. Behrels, the yearbook staff dedicates Lion's Roar '65.

## PRINCIPAL'S MESSAGE

No greater compliment can be paid an individual than it be said of him that he is a man of good principles. To rate such a tribute one must have a code of ethics which guide and motivate his actions and his thinking. Have you formulated your own code yet? If not, I heartily recommend "The Four Way Test"--a set of guiding principles which every Rotarian the world over Pledges to observe in all his dealings with others. It is worded thus:

1. IS IT THE TRUTH?
2. IS IT FAIR TO ALL CONCERNED?
3. WILL IT BUILD GOOD WILL AND BETTER RELATIONS?
4. WILL IT BE BENEFICIAL TO ALL CONCERNED?

If you adhere to this code--or a similar one phrased to comply with your own motives--you are virtually certain to become a successful and respected citizen.

It is my sincere hope and prayer that you will.

W. B. Sime,  
Principal

## EDITOR'S MESSAGE

As you first glance through these pages, and later ponder over each one individually, memories of your 1965 year at Lakeview should be stirred. If this is so, the yearbook staff and I have succeeded in attaining our goal--to capture the spirit of Lakeview within these pages.

I would like to express my sincere thanks to everyone who contributed so much toward the successful completion of this book. Untold hours of work are spent by numerous people in order to produce a yearbook such as Lion's Roar '65. As the editor, my satisfaction lies in seeing the yearbook completed. The staff and I feel that it was well worth the effort we put forth and we only hope that you enjoy reading Lakeview's yearbook as much as we enjoyed putting it together.

Sincerely,

*Bev Pollock*

## HUMOUR

Dave Jarraway

I consider it a great privilege and honour to have been elected President of this fine school. I have done my best to uphold the high standards set by the previous executives, and hope I have initiated some ideas that will have justified your faith in me.

We have proven in all fields of sports that Lakeview, although sometimes down, is never out. The spirit and pride embedded in each student has indeed shown that we have the most important quality of any school; unity. Student participation in every activity has been most gratifying to me as well as to the entire council.

Academically, Lakeview always had a high standard and through the never-ending guidance of our teachers, I know we will continue to strive for this and other high goals.

To the graduates, who have reached an important milestone in their lives, I would like to express my sincere congratulations and wish them the best in any field they may choose to follow.

I would also like to express on behalf of myself and the council, "Thanks" to the advisors, who gave so willingly to themselves to help us.

In closing, I shall leave you with this quote: "Never measure the height of a mountain until you have reached the top; then you will see how small it is."

# VALEDICTORIAN ADDRESS

It is truly a privilege and an honour to have been chosen by my fellow graduates to deliver this farewell address.

Tonight, we graduates are experiencing a deep feeling of personal satisfaction and happiness, for we have reached an important stage in our lives.....graduation. Each of us will be receiving a diploma that we all shall keep as a symbol of the successful completion of our high school years.

Sadness fills our hearts, as we realize that we shall be leaving many friends behind as we set out to pursue our chosen goals. However, as time passes we shall become aware that the memory of our classmates will live on in spite of time and distance.

The years in Lakeview have passed swiftly, but, nevertheless they have left a permanent impression on our minds. Only a short time ago we were entering grade nine, frightened and immature. Football games, Mardi Gras, Dances, the planning and completion of the yearbook, studying in the halls before nine, half asleep; these events and many others we remember well.

We also thank our parents, for without their love and encouragement this day would not have been possible. May we always be worthy of their pride and always be a credit to them.

With the beginning of a new era in our lives we will be making our own decisions as we face the problems confronting us every day. The former guidance of our parents and instructors will now be of great assistance to us.

Fellow graduates, let us go out into the world with eagerness, determination, and willingness, and strive to do the best we can. May we go out into the world and be able to face disappointments courageously and accept success graciously and humbly, as any person should, who attended Lakeview High School.

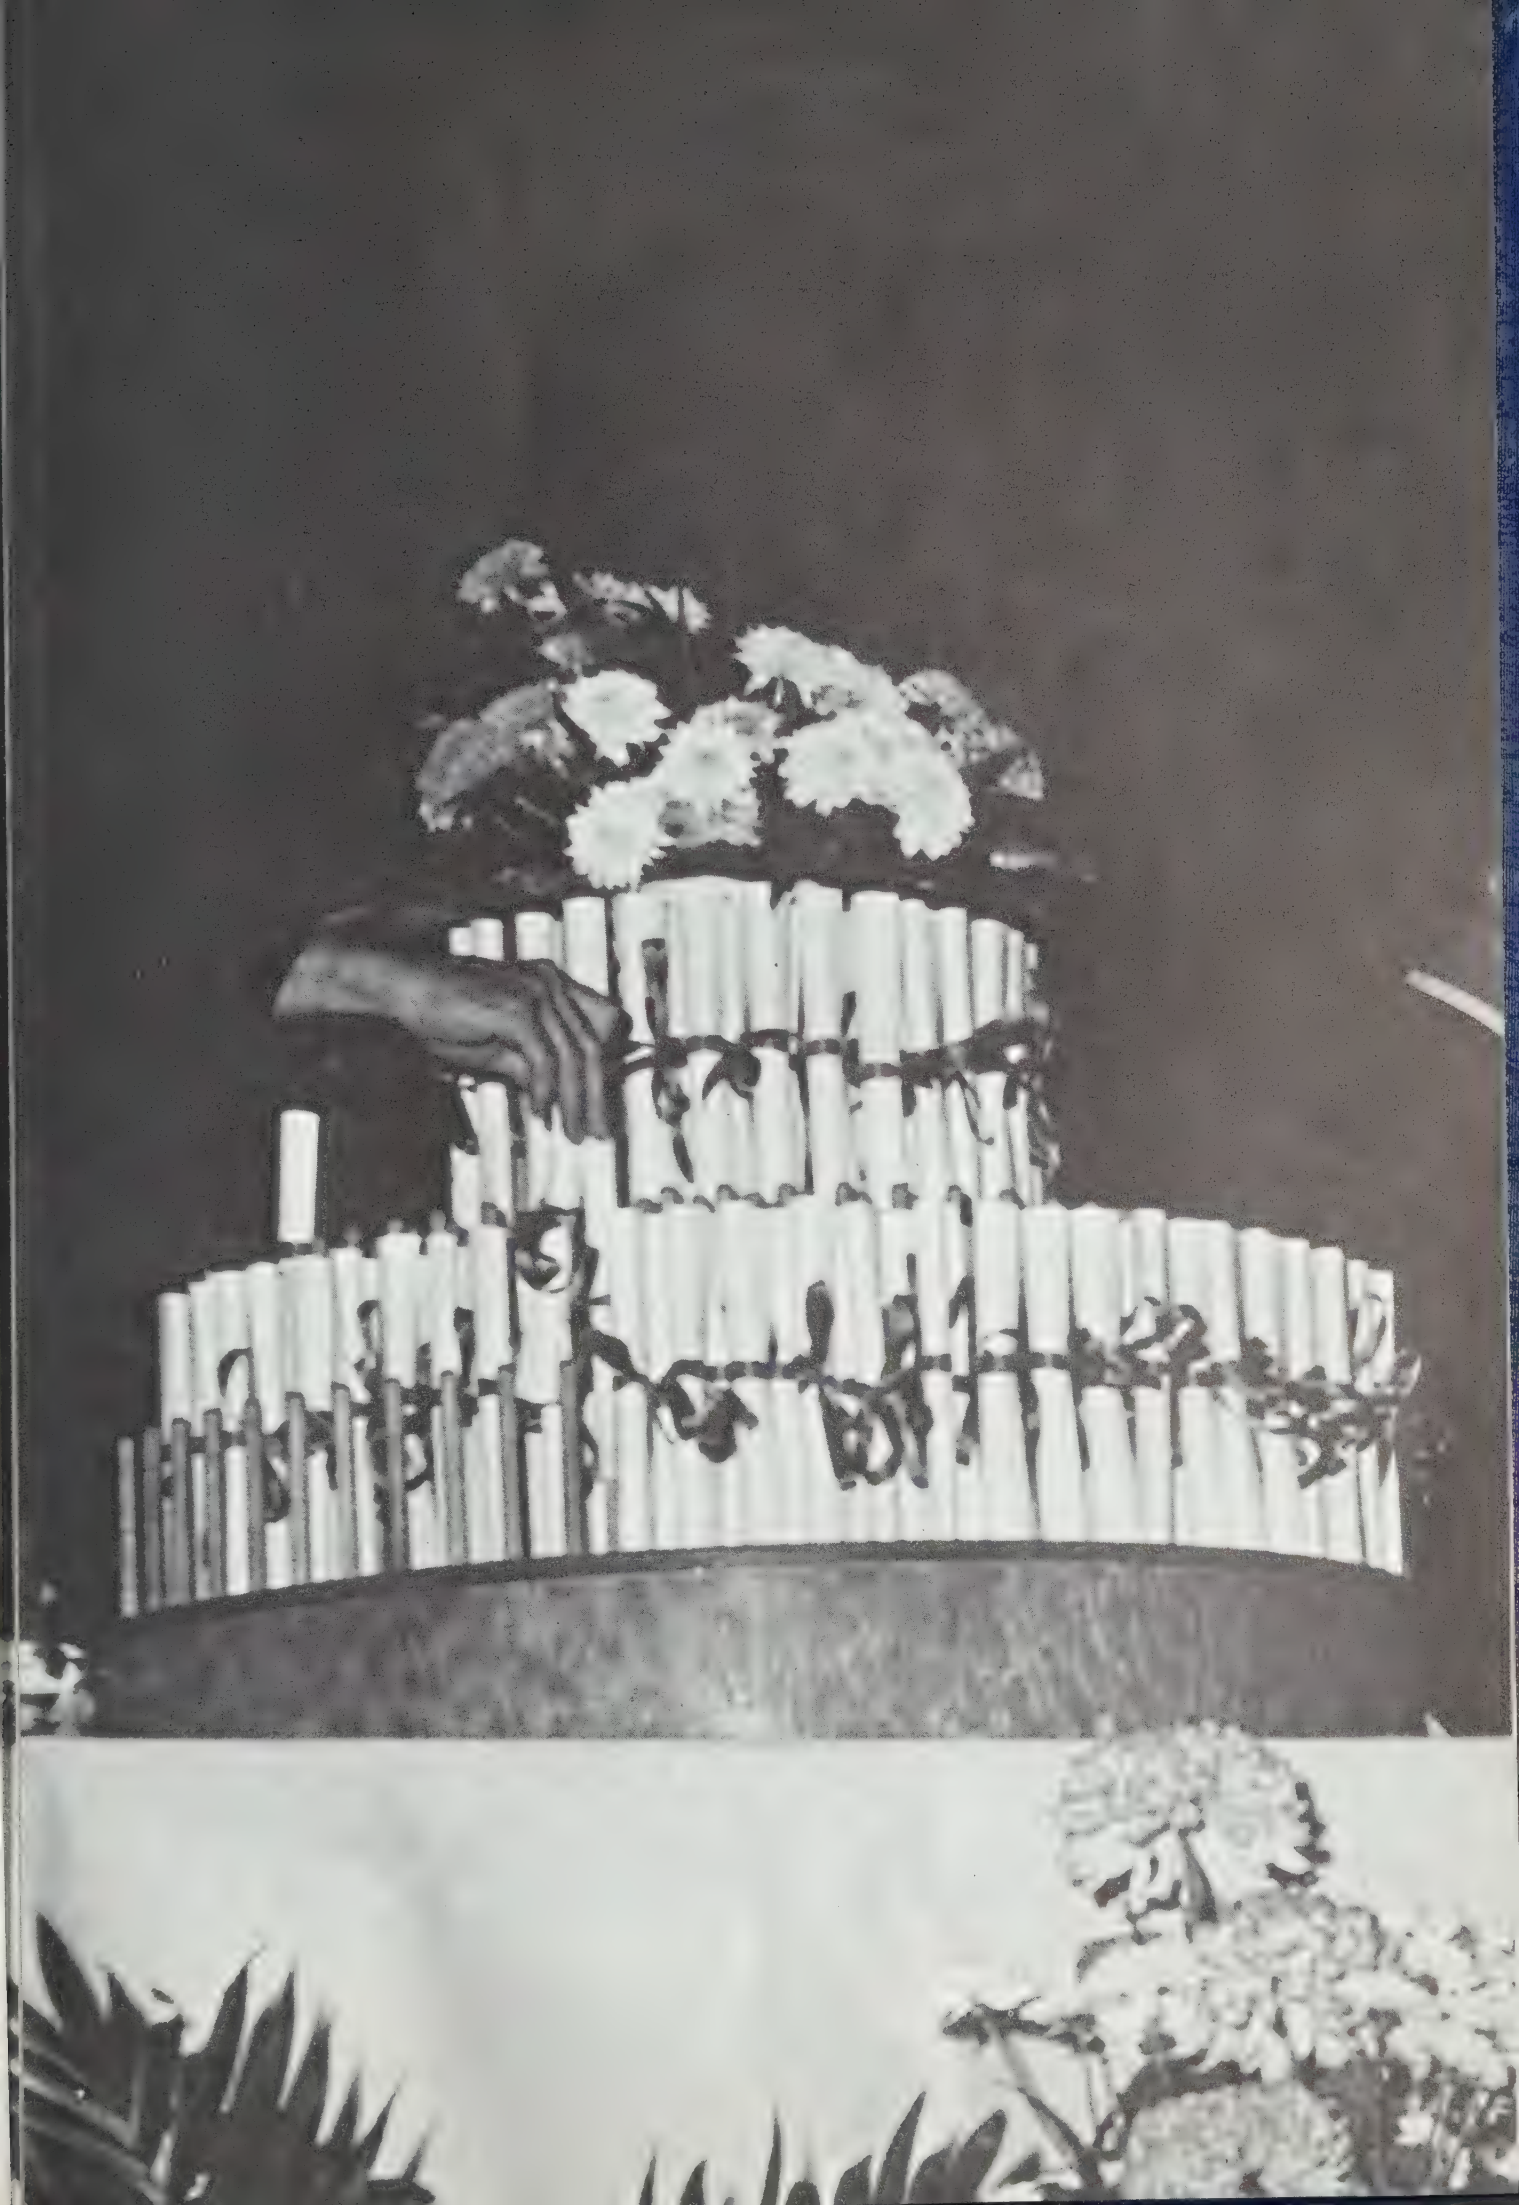

May the 'blue and white' always be proud of us.

This treasure goal you have attained,  
A shining door swung wide,  
Through which you pass, your head held high,  
With so much joy and pride.

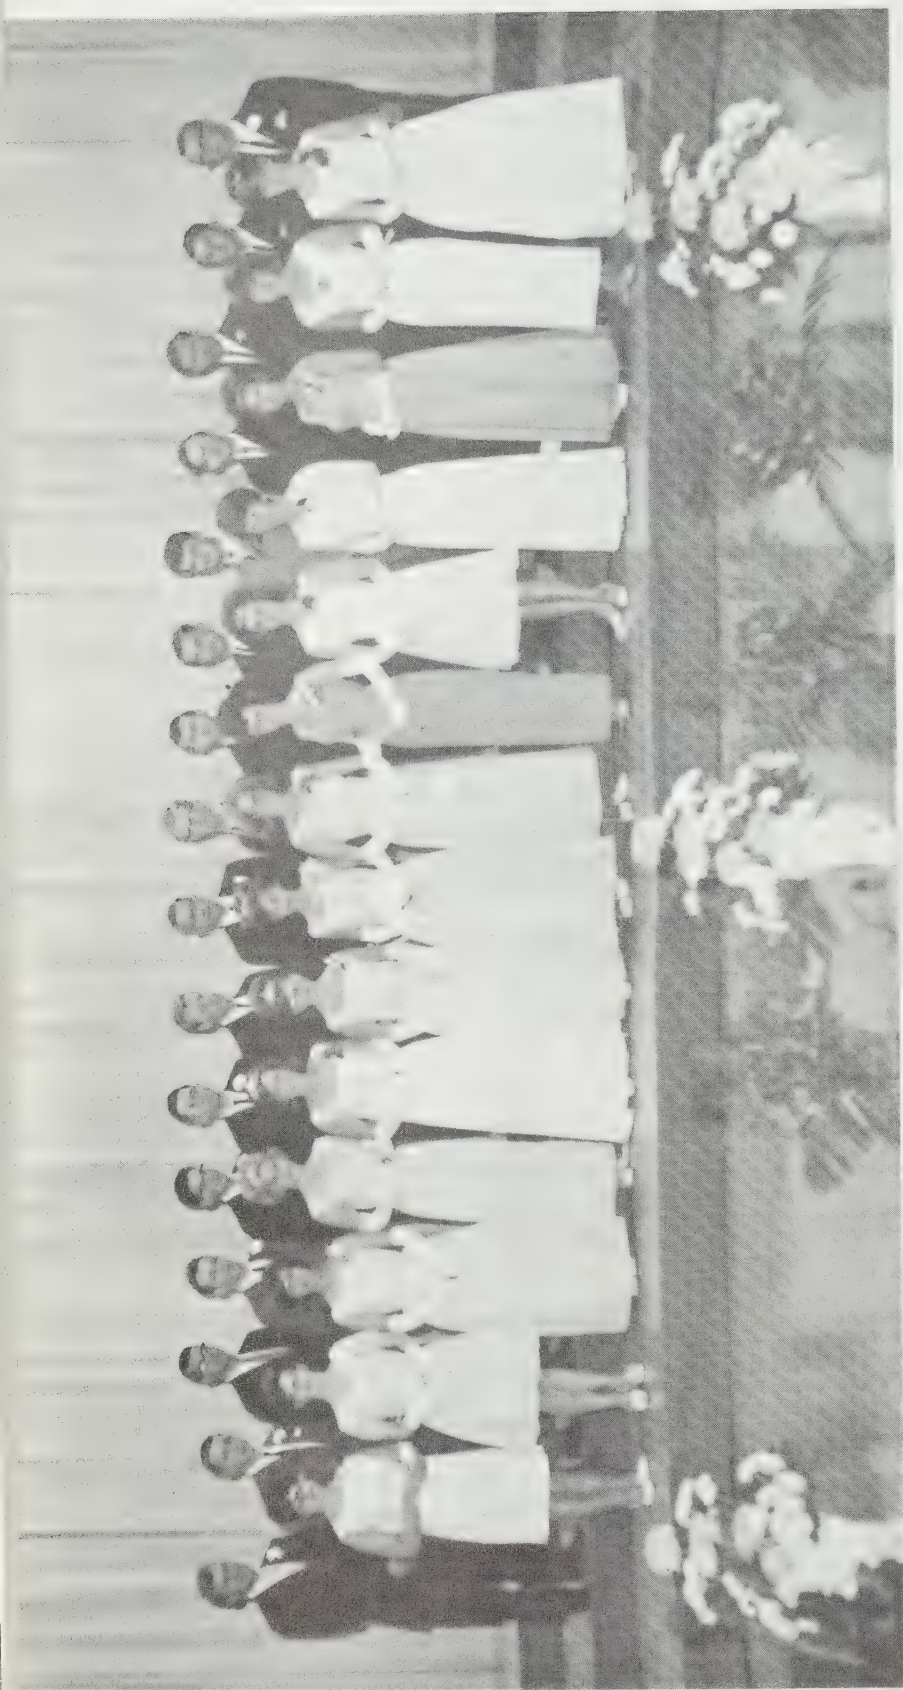

You're wished a work of happiness,  
Success along life's way,  
You are tomorrow's golden hope,  
On Graduation Day.

# G 13 A

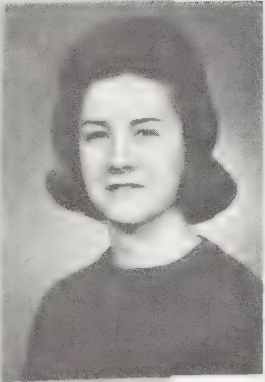

## BONNIE ANDERSON:

This pert young miss hails from Toronto. Bonnie plans to enter Lakehead Teachers' College next fall. Driftwood and collecting picture of royalty occupy much of Bonnie's time. Favourite saying - "Ve come too soon olt and too late shmart."

## PAULETTE DEJARDINE:

Paulette, our talkative teenager, enjoys sewing and "Les garçons, naturellement!" We are sure the industrial chemistry technicians will be proud to have Paulette among them. Favourite saying - "J'en doute, O Yea! Pet peeve - Her conceited brother and being called "Polly" or "Shorty".

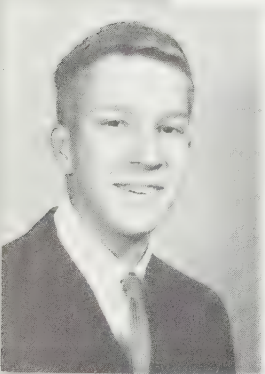

## MARIAN DYSON:

Besides chasing lots of guys and lovingly caring for her pet goldfish, Marian manages to find time to grumble about our unfavourable weather. She visited England last summer, and plans eventually to reach a warmer climate, such as that Italy. Marian is considering nursing as a career.

## BARBARA ERICKSON:

Most of Barb's time is taken up by Gary. She would like to enter Teachers' College in the fall, but definitely does not want to teach bubblegummers. Barb is a wonderful person and a great friend to all who know her.

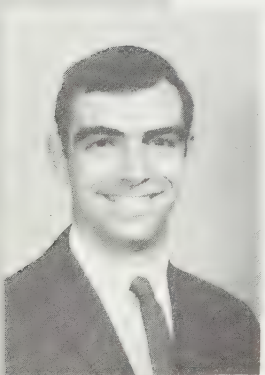

## JOHN FABER:

John is a scholarly fellow who has gained recognition for his outstanding achievements. His pet peeve - Weekends that end too soon, derives from the fact that he is unable to fulfill his hunting and fishing desires. Whenever asked an obvious question, "Get serious," is our future teacher's quick response.

## SUSAN FAVETTA:

Sue, our energetic brunette, who intends to become a social worker, will be heading for Lakehead University next year. Sue actively participates in interform volleyball and broom-ball. Sunday nights are invariably spent at the F.W. Gardens, either roller skating or watching the hockey games. Favourite saying - "Them's the breaks."

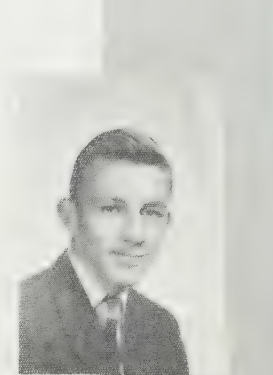

## BOB FIORITO:

The lovable Conrad of "Bye Bye Birdie," plans on becoming a teacher. His pet peeve is cheerleading practices. Besides acting, Bob enjoys hunting and football. He may often be heard saying "Get off the spot."

## ARJAN GELLING:

Arjan is uncertain as to what his future will be, but right now running, which accounts for his pet peeve of walking slow, occupies most of his spare time. After viewing movies which have gone away, Arjan uses his favourite saying - "This is ridiculous!"

#### LAWRENCE GREY:

A part-time student, Lawrence plans to finish at Lakeview first and then to go on into medicine. His favourite saying is "Beats me," while his pet peeve is a fellow student in Trig. Lawrence enjoys bowling and reading Superman comic books.

#### ARLENE HAND:

When the five to nine bell rings Arlene can be found at her locker digging for a Kleenex. Although we know her main interest is Lionel she hopes to become a teacher. P.P. \*\*

#### RONDA HART:

This ardent skier's main interests are Frans, skiing, Frans, Frans, Frans! Her ambition is to become a teacher. Her favourite saying is "Censored". P.P. Too numerous to mention.

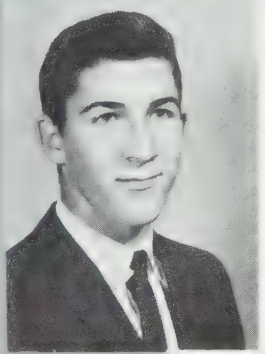

#### ALAN HOLM:

Alan's Pet peeve is getting that ever elusive big buck. Even so he still enjoys hunting along with fishing and playing hockey. Al has aspirations of becoming an engineer but his frequent response of "I don't know" to questions posed to him may cause a few setbacks.

#### JOE JERCZYNSKI:

When Joe says "That'll be the day" he is not talking about his future when he hopes to be either a lawyer or a high school teacher. Joe has a large variety of interests, some of which are stamp collecting, movie making, acting, volleyball and girl watching. Joe's P.P. is stuck-up girls.

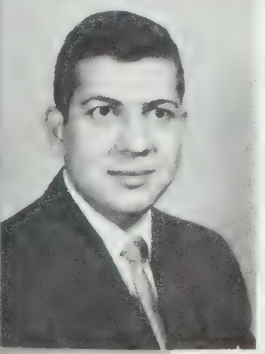

#### NORMA KOLOMY:

Norma is with us in the afternoon. She hopes to finish grade 13. (Don't we all.) Her main interests are music, writing, music, music!!! Her Pet peeves are French and people with bad manners. Her favourite saying is "CRUMBS". She also plays the clarinet, guitar and mandolin.

#### TOM KOSTAS:

Despite his desire to become an engineer, Tom detests writing up Physics' experiments. A camera club member, he may frequently be found haunting the darkroom. Tom is also intrigued by bowling and Shakespeare. Never ask him a silly question or he may answer with a vehement "Aw shaddup."

#### HELGE KURM:

Helge a quiet girl, just mumbles under her breath about the school's chronic problem, pushy grade niners. She dislikes homework intensely, and plans to enter university in the fall.

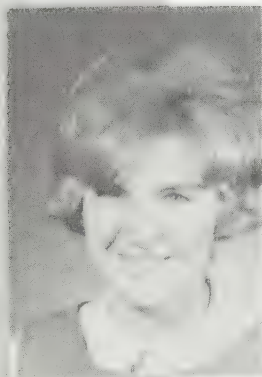

**JANET LINDEMAN:**

**BOYS!** Janet is a quiet girl who is crazy about ice-cream. Her main interest is Fort William, which includes Hockey and Baseball. Her ambition is to become an Airline Stewardess. This girl can always be heard saying, "Gee, that's nice."

**ROGER LEROUX:**

Roger, the quarterback of our senior football team, hopes to get into forestry. Right now, however, Roger's main ambition is to bag a deer. He is peeved by rainy weekends when he can't go hunting. Other interests are basketball and poker; he claims his favourite saying is "Comment ca va."

**LYNDA MALIN:**

Lynda, our effervescent blonde, worked on last year's yearbook and on this year's senior write-ups. Her interests range from feeding Mr. Boquist's newts to badminton and writing. P.P. - getting up in the morning. Her Favourite pastime is "pestering" Shirley in Geometry. This gal likes homework so much, she even misses lunch to do it!

**ANN MARINIC:**

This year Ann is our part-time student. You can see her rushing out of class at 12:25 to go home. A bowling enthusiast, Ann is forever trying to increase her score of 70. Her ambition is to enter Teachers' College next year and to eventually obtain a B. A.

**STUART McCUAIG:**

Stuart is the strong, silent type. Having no favourite saying and being peeved by noisy people enhances our picture of a quiet, reserved young man. Even though "Stewey" has no immediate plans for the future, we are certain that he at least intends to graduate from our beloved Lakeview.

**SHIRLEY MOREAU:**

Our form rep. enjoys bowling and Bruce. She plans to enter either Teachers' College or University in London next year. Shirley's main ambition at the moment seems to be to find a picture of the Beatles to go with Bach and Beethoven. Shirley abhors those who choose to make puns at the expense of her name.

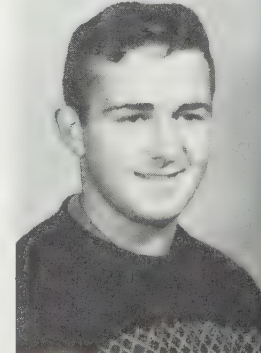

**CHERYL PARKER:**

This dark-eyed girl of G13A wants to go to Lakehead University. Her main interests include "BOYS" sports and collecting books, "even SHAKESPEARE." Her favourite saying is "Oh shut-up", and her pet peeve is getting up in the morning, (especially for school).

**GEORGE PEARSON:**

When not involved in school plays, George is occupied with wine, women and songs which, along with being peeved by excessive calisthenics, may be hindering his volleyball abilities. To assure his becoming a teacher in Arizona, he takes night courses in Biology.

**BARBARA SHERRETT:**

Barb's beautiful voice is making her a star both in the school, where she sang in "Bye Bye Birdie" and throughout the Lakehead. Her spare time is occupied by Joe, G. A. A. and volleyball, but she still seems to have energy to spare. Barb is also a good scholar.

**JOE SNOPEK:**

A swinging musician in his own band, Joe aspires to be a dentist. He is annoyed by girls "that sit beside the door" and because of this his favourite saying is "Move Over." Joe enjoys football, Barb and gazing out the window.

**MARLENE SOLTYS:**

Marlene, our future, laboratory technician, enjoys sewing, bowling, playing pool, dreaming, dancing and drinking (milk)? Her dislike of algebra, trig. and geometry accounts for her favourite saying, "I hate work." Her favourite pastime is boys, boys, and more boys and talking.

**BRYAN PROBIZANSKI:**

Bryan has returned this year to improve his standings in order to enter university. Among other activities, hunting and fishing always bring joy to his heart. Bryan's "what knewing" certainly won't help in the doctoring profession but those peevish Hondas can possibly provide him with numerous patients.

**CRAIG PUTNAM:**

Craig's ambition in life is graduating from college, even with just two subjects a year. Being peeved at rising in the morning, Craig doesn't bother entering school until one and then occupies himself trying to avoid homework. And what better saying than "What's new pussycat?" suits a swinger like Craig.

**DEBBIE TREVISANUTTO:**

Debbie likes to think that nothing bothers her, but she keeps forgetting about Physics class. A badminton and bowling buff, she says she would like to take honour math at Waterloo. Debby, our amateur philosopher, loves trying to find out what makes certain people "tick." Favourite saying - "Shirley I think you are crazy!"

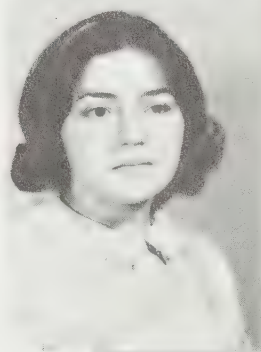

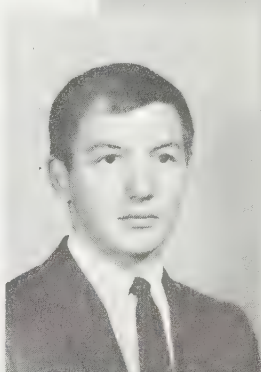

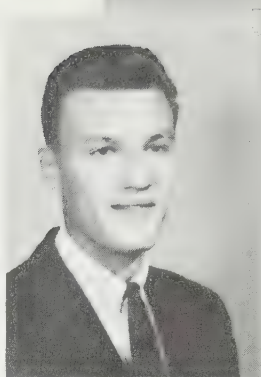

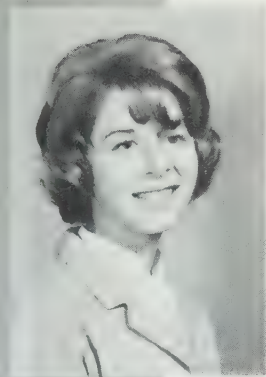

## 13 B

**BRYAN BERRINGTON:**

Bryan is a boy of many talents, especially on beating up certain Jimmys who sit in front of him. He was captain of our Senior Football team, but got hurt half-way through the season. He hopes to be a pharmacist. His main aim right now is to switch car engines with his dad.

**LYNN BERRINGTON:**

Lynn is an ambitious girl heading for a University degree in Secretarial Science. Her activeness in volleyball and basketball and her leadership abilities won her a trip to Camp Couchiching last summer.

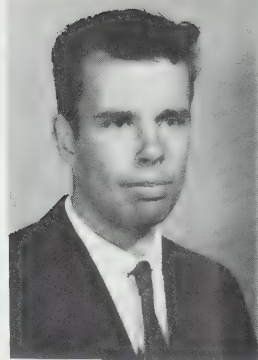

**SHEILA BRENNAN:**

This purt young miss simply "dislikes" boys and can often be heard saying "Pardon, I didn't hear that!", when a certain someone wants to go on weekend hunting trips. A home economist is her aim and being with guys is her game. Let's hope she wins them both.

**THOMAS CURRIE:**

"Brunettes who insist on being blondes" stands this fellow's hair on end. Certain French classes and 6th period lunch just don't appeal to this future teacher via University of Waterloo. "Eh bien, ma classe," comes easily to this "professeur de la future."

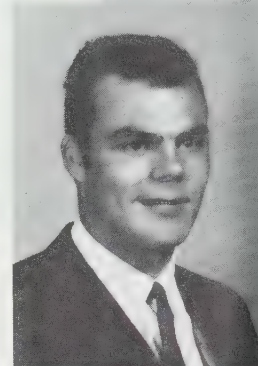

**SUSAN DESOURDY:**

One of our more studious types, Susan hopes to enter nursing at St. Joseph's Hospital next year. Her ultimate ambition is to work either in the far North or India. Susan enjoys reading, is exceptionally talented musically, and is a great asset to our class.

**SYD ELLIS:**

This "happy-go-lucky" character rides 50 miles every day to come to school. He feels that some Physics' teachers are against him because their answers are never the same as his. His main ambition is to get out of Lakeview but we're sure that when he does, he will make himself a success!

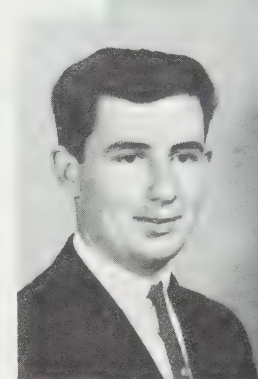

**CAROL ELSEY:**

Carol is one of our many part-time students who have returned to school after being away for a few years. She plans on entering nursing, once she gets her diploma.

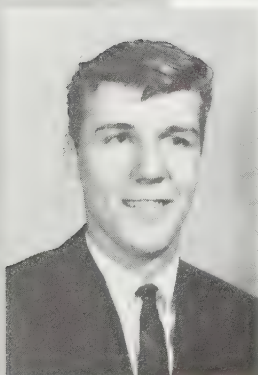

**DOUG ELSEY:**

Doug "likes" a certain girl and dislikes wet suits that leak under water. Getting his certain girl home before "Big Ben" strikes 12 is this shy boy's Pet peeve. Doug intends to take an electrical engineering course at either Carlton or Waterloo University. On a date Doug often says "We have to be home at WHAT time?"

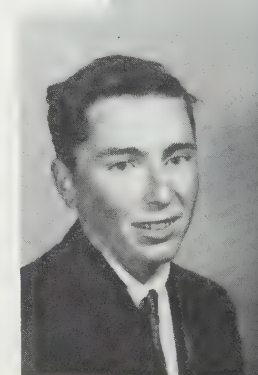

**ALLAN ERATIE:**

Hunting, fishing, hockey--anything to do with the outdoors seems to interest Allan and he gets angry when some thoughtless teacher gives homework during hunting season. Slow cars also bother him because he drives one. Later on Allan hopes to obtain a degree in electrical or mechanical engineering.

**HOWARD FRASER:**

English class is not to the liking of this rosy cheeked lad. He can always be found playing hockey, baseball or pool in his spare time. One of Smiley's main "beefs" is paying for rides. (He'd rather walk????)

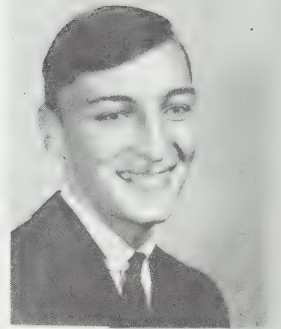

#### BOB GETZ:

Bob is also a part-time student. He is taking five subjects this year and plans on taking three next year. He hopes to enter Teachers' College in two or three years. Good luck Bob!

#### PHIL GOUGEON:

Phil dislikes girls that work, probably because they don't have enough time to chase him. Phil is going to take engineering at a college as close to Daytona Beach as possible. Phil sleets on a surf-board and associates only with the local "HODADS."

#### CLAUDE HADLEY:

Strange and wonderful pronounciations of his name in Physics classes are Claude's pet peeve. He would like most dearly to pass Physics and Trigonometry but he wonders. When meeting another "Dragon Volks" Claude often says "Get lost you Clown."

#### ALF HARTVIKSEN:

Alf-Alf-a is interested in Susie Q, skiing, and red-hot Rambler station wagons. This potential civil or electrical engineer dislikes walking to school, 2 lunches per week, and returning Susie Q home by 12:30 or his Rambler takes on the appearance of a pumpkin. He says he's headed for Lakehead University. When meeting anyone he lets out a loud, boisterous "Hi Gang."

#### SUSAN HAWKINS:

Susan likes analyzing her teacher's handwriting, but finds it quite a task when catching up on school work. Her great goal in life is to teach retarded children. I wish her the best of luck in this chosen field.

#### JIM HILL:

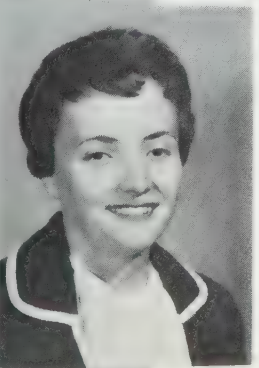

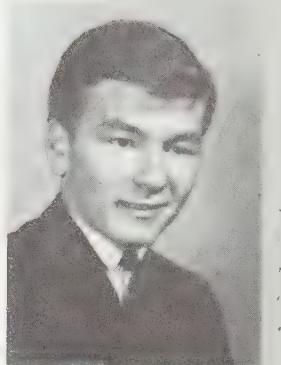

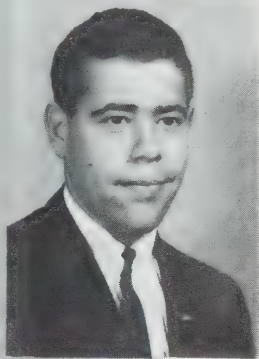

All the teachers love this redhaired lad especially Mrs. Westbrook and Mr. Shapiro. Once Jimmy is gone their lives will be empty. Jim plays "bass guitar" for the "Viscounts" but he left football this year to concentrate on his studies. Right now he is just planning on getting out of high school.

#### SONIA JOHNSON:

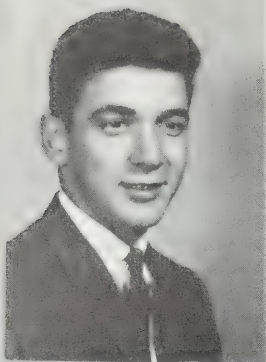

Sonia is another of our part-time students. She is always trying to better herself by doing constructive work. Her pet peeve is having to rush at the last minute to go somewhere. She wants to become a public school teacher and move to St. Catharines, in the not too distant future.

#### LENNARD KATAINEN:

Len doesn't like not being able to be late this year, especially first period. He likes music, money and sport cars - who doesn't. He has two burning ambitions - to get some fun out of life before the 3rd war and to get rich quick. Let's hope he makes it.

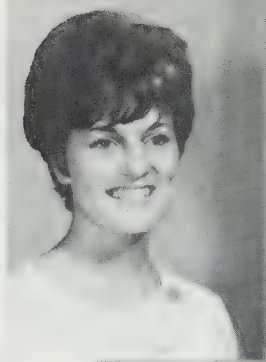

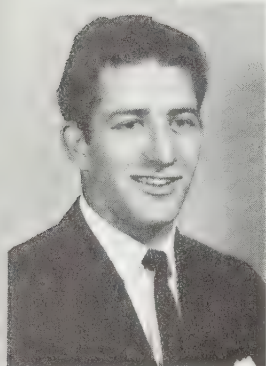

**MURRAY KOHN:**

"Dirty Mur" acquired from Selkirk wants to be a Philosopher so he can figure out what students take Latin for. Being such a neat guy, he took Lakeview's girls by storm and can be heard frequently singing "She's only fourteen; she's only fourteen."

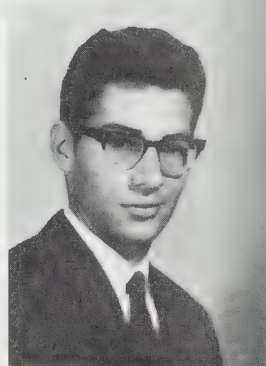

**MARSHA LAPRADE:**

Four studies a day is too much without talking, says Marsha. She tries to convince the teachers of this - unsuccessfully we're afraid. She likes all sport, including hunting, college-type males, (is it Lakehead or Western, Marsha?) She hopes to get to St. Michael's Hospital in Toronto as a nurse but maybe P.G. or J.P. have different ideas.

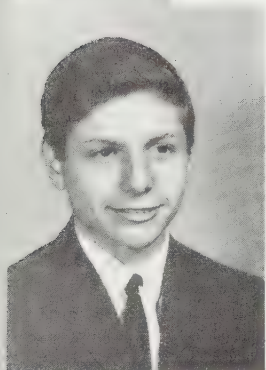

**DARCY LEGROS:**

Darcy is a folk-singer and also likes hunting, fishing and water skiing. His dislikes are the Rolling Stones and Port Arthur roads or is it the rolling stones on Port Arthur roads. Entering forestry and beating the Ramblers are his main ambitions. Darcy's favourite saying is "It just makes my eye balls all puddle up."

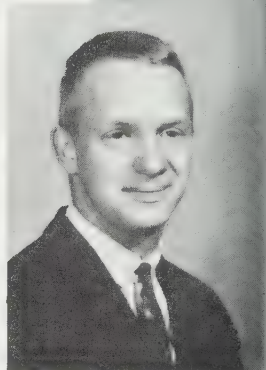

**RICHARD LUCYK:**

# WRESTLING

Lakeview's Wrestling Team

BACK ROW, Left to Right: Den Elcheson, Ken Jonasson, Richard Niczyporuk, Gary Mylliemi, Mr. Niemi, John Murray, Dennis Probizanski, Gord Pollock.

FRONT ROW: Ron Adams, John Zimowski, Trevor Bruse, Dennis Martel, Paul Carr.

## VARSITY CHAMPS

Trophy presented to captain of wrestling team, Rich Niczyporuk.

This has been the second year for Lakeview in inter-school wrestling. Last year our junior varsity team won the city championship. This year the senior varsity team came through with the Varsity Championship. Out of nine high schools, Lakeview won one third of the 12 possible titles. The varsity winners were Elcheson, 112 lbs.; Murray, 133 lbs.; Probizanski, 154 lbs.; and Rich Niczyporuk, 165 lbs. Paul Carr was the lone junior champion.

In the inter-school meets, Lakeview won all except one match, to Westgate, 26 to 25.

Individual Winners

BACK ROW, Left to Right: Gord Pollock, Dennis Probizanski, John Murray, Dennis Elchison, Richard Niczyporuk.

FRONT ROW: Trevor Bruse, Ken Johnasson, Alex Savas, Paul Carr.

# SENIOR BASKETBALL

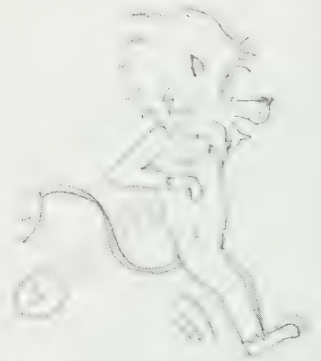

## SENIOR BOYS' BASKETBALL

FRONT ROW, Left to Right: John Sandmoen, Roger Williams, Bob Smith, and Paul Heckley.

BACK ROW: Roger Leroux, Walter Maznick, Lorne Thomas, and Stan Sutor.

MISSING: Les Pakota, and Norm Nazveski.

Basketball has been a sport that Lakeview, in its short history, has very seldom excelled in due to the lack of height and experience. This year our boys put on a show that many schools will not forget. Although we did not place in the finals, we certainly showed what can be done on the basketball court.

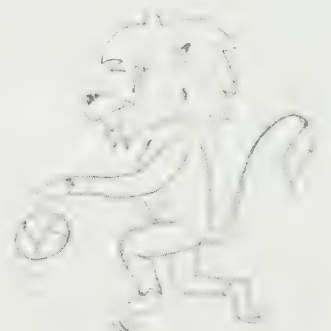

## SENIOR GIRLS' BASKETBALL

BACK ROW, Left to Right: Arlene Hand, Linda Thomas, Irene Czolij, June Bencharski.

FRONT ROW: Chris Jeremko, Jura Mitalis, Barb Thomson, Gwen Backman.

MISSING: Margaret Jarraway, Lillian Binette, Janet Rockwell, Karin Neilson, Lynn Berrington.

The Senior girls' basketball team again proved their skills and ability on the basketball court. Although they worked extremely hard, they were held back from entering the finals by one point. It certainly was a good year and with this experience Lakeview is going to be on top next year.

# JUNIOR BASKETBALL

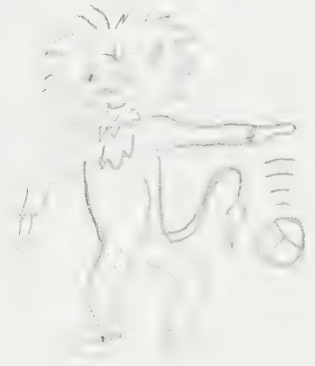

## JUNIOR BOYS' A BASKETBALL

FRONT ROW, Left to Right: Allan Holm, Larry Ranka, Tony Andreachi, Ron Poirier, and Brian Holm.

BACK ROW: Mr. Playford, Terry Lysak, Howard Ukrainec, Jim McLeod, Len Dzierniejko, John Faber, Ed Sutor, and Harry Kopti.

MISSING: Larry Perepeluk.

Our high hopes of a berth in the inter-city play-off this year were destroyed and we had to settle for second place. The eleven game season was finished with six wins. However, as the top gunning team, we made 120 shots excluding foul shots in a 32-minute game. With this record, next year holds big promises.

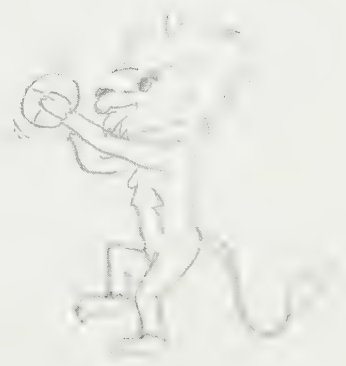

## JUNIOR GIRLS' BASKETBALL

BACK ROW, Left to Right: Fay Bencharski, Dianne Mihkelson, Barbara Jackowski, Judy Axelson, Karen Mortensen, Kathy Skinner.

FRONT ROW: Susan Phair, Sue Henderson, Cindy Niemi, Gayle Haglund, Carol Potter.

The junior girls' basketball team were unsuccessful as far as championships were concerned but they all fought very hard throughout the entire season. The girls played some close games and their wins made up for the "heartbreakers" they lost. We are all sure the team will have better success next year.

## BADMINTON

As every one knows Lakeview's badminton team adds a great deal to her high sport's spirit. This year the team undoubtedly held true to this good reputation. Overcoming all handicaps, the girls made a fine showing and placed third in the badminton tournament.

The badminton team consisted of Rhonda Hart and Beverly Shirley; Heather Hide and Elaine Greaves; Jura Mitalis and Marie Hughes; Linda Vail and Pat Harasymew; and Barbara Thomson and Linda Thomas. Well done girls!

## SKI TEAM

Rod Somppi, Dan Hennefont, Kathy Skinner, Henry Reese.

#### TEN-PIN WINNERS

LEFT TO RIGHT: Linda Hadley, Carole Peterson, Clinton Kuschak, Mark Slotiuk, Diane Rissanen, and Brenda Pesheau.

#### FIVE-PIN WINNERS

LEFT TO RIGHT: Judy Hunt, Linda Holmquist, Allan Soltys, Gary Soltys, Joan Tennant, Marg Koljonen.  
MISSING: Frank Guarasci.

## THE BOWLING TEAM

Lakeview's bowling teams had a very fine season this year. The five-pin bowling League bowled every Monday at the Playtime Lanes while the ten-pin league bowled every Tuesday at the Big M. Out of approximately fourteen teams, two teams of fantastic bowlers fought their way to the top. Special thanks goes to Frank Guarasci who gave considerable time to make the bowling club a success. As everyone enjoyed themselves this year, we know that participation will definitely be increased next year to make it bigger and better.

## SENIOR GIRLS' VOLLEYBALL

Lakeview's 1965 Senior Volleyball team placed really well. Taking the Port Arthur City Championships, they also proved their skill by keeping a spectacular second in the finals. With this as a background, next year's team will be off to a good start.

The team consisted of Barbara Warf, Betty-Anne Zewina, Rhonda Hart, Barbara Thomson, Lynn Berrington, Cynthia Niemi, Barbara Sherrett, and Linda Thomas. Congratulations on a fine performance girls.

Lakeview's 1965 Junior Volleyball team played their hearts out this season and came up tremendously in the last few games. Although they had stiff competition this year, the girls demonstrated good sportsmanship in every game so beware of these girls next year.

The team members were: Diane Cole, Karen Mortenson, Thea Paluste, Sofi Niczyporuk, Glenna Currie, Laurel Brayshaw, Irene Cernigoy, Jo-Anne Hayton, Sue Sherrett and Annette Purrucher.

## ONTARIO ATHLETIC LEADERSHIP CAMP COUCHICHING

### BOYS:

The purpose of Camp Couchiching is to teach a person leadership qualities through the medium of Physical Education.

I would like to point out that the instructors who attend this camp are the best in Ontario. Many of you may or may not know Mr. McIntyre, a phys. -ed. teacher at our school last year, was one of the instructors.

Nearly 200 boys attend the camp for a two-week period. Due to the large number of boys, the camp is divided into two sections, called Lakeside and Hillside. In this way the apparatus available can be put to better use.

Our Major subjects, as football, basketball, etc., were given along with several minor ones of which I chose field events and lacrosse. In each of the major sports, we had to teach one lesson of which the good and bad points were evaluated by the rest of the groups.

The experience we have gained from this camp has proven invaluable to us. If any of you are selected to go, we guarantee that this will be one of the most rewarding experiences in your life.

### GIRLS:

This summer I had the privilege of spending two weeks at Lake Couchiching about 90 miles from Toronto. They were two weeks of intensive training and experience with the best teachers available. Along with the actual activities there was also the experience of meeting many girls from different parts of Ontario. All in all I would say these were the best two weeks of the summer.

## BYE BYE BIRDIE!

Lakeview's production of *Bye Bye Birdie* was certainly the highlight of the school year. The success was due to a concentrated effort by teachers and students. Unfortunately a few can only be mentioned. The director-in-chief was Mrs. M. Evans, shown here receiving a gift of appreciation from the cast. She was assisted by Mrs. Stahl. The band, conducted by Mr. S. Shuttleworth and aided by the pianos of Mr. Metcalf and S. Desourdy, L. Katainen, did a great job. With a cast of 68, this musical drew heavily on the talents of L.H.S. students who came through in fine style.

## POSTURE CONTEST

Karen Willis, our first Posture Queen, was chosen last March. Patty Boyle and Lee Vester were runners-up. The upright affair was judged by Mr. Dilley, Mr. and Mrs. Beverley, Miss Lawson, Mr. Playford, and Mr. Sime.

## G.A.A. EVENTS

---

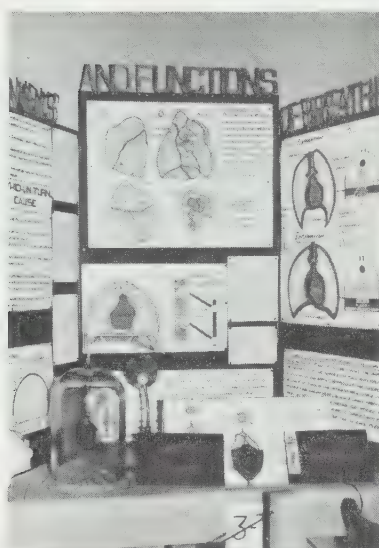

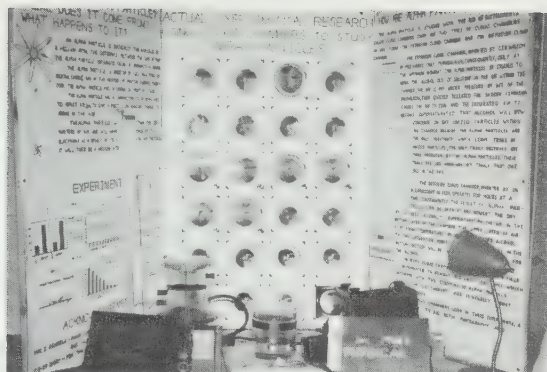

To the utter satisfaction of many a Lakeview student, the G.A.A. held a fantastic Bake Auction last February. With Doug Elsey as a very professional auctioneer, every last crumb was sold to bring in a very handsome profit of \$25. To all those who donated the time and effort to make this sale a success, thanks!

## BAKE AUCTION

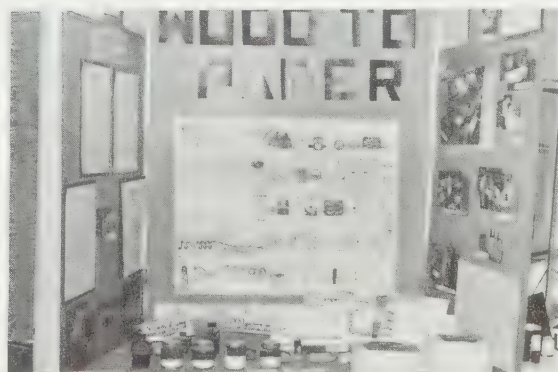

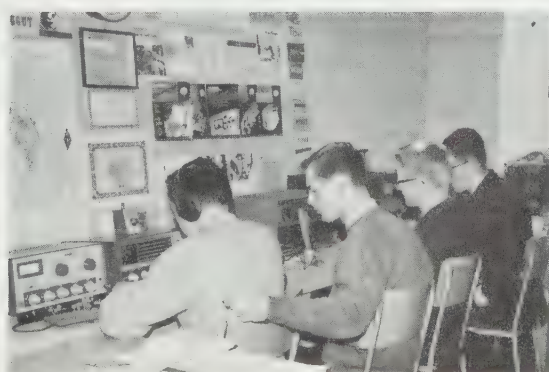

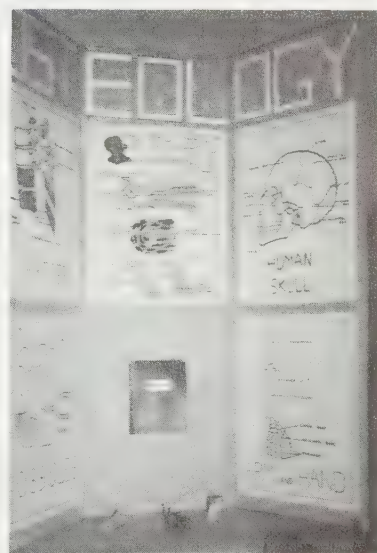

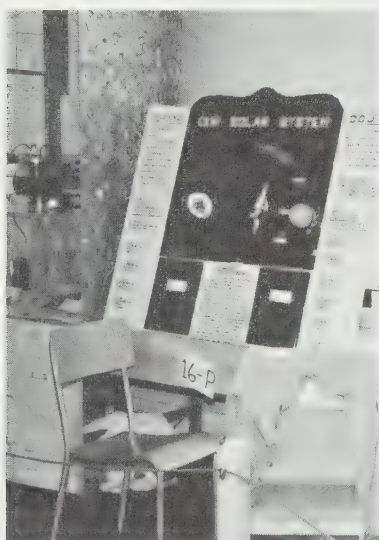

## SCIENCE FAIR

In the Science Fair held April 2-3, 1965, Lakeview had fourteen entries, the highest of all the schools. To add to the honour, our Lakeview won many of the prizes.

K. Thrasher won both a first in the Physical Category and the coveted Lakehead University Award. L. Sisco and J. Young captured second prize in biology and a special award from the Lakehead Naturalist Club. Third in the biology class plus Lakehead Chamber of Commerce Award was captured by M. Slotiuk for his endeavors. Bob Forslund won third prize in the physical section of the Science Fair. To complete the impressive list, H. Vinters won an honorable mention in biology.

## SPRING FASHION SHOW

On June 2, parents and guests watched a very successful fashion show, staged by the girls of the Home Economics classes. The girls, modelling the garments they had made during the term, entered through the door of a Simplicity book designed by the art classes. J. Litwinchik was the commentator for the show, while S. Willis accompanied her on the piano.

# DANCES

## CUPID CLASSIC

The Cupid Classic was one of the most enjoyable dances sponsored by our Students' Council this year. Candy-red hearts dispersed by Cupid's arrows adorned the gymnasium and the halls. The decorations (rendered by the junior and sophomore classes) should be commended. The music by Colossimo's and the excellent punch all provided for a wonderful time for everyone.

"Of course each beau looked his very, very best,  
And each belle thought her choice beat all the rest."

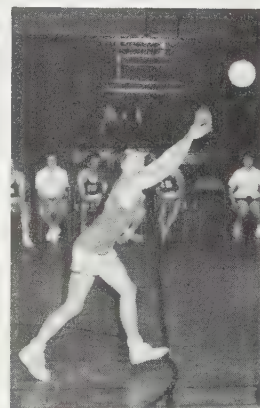

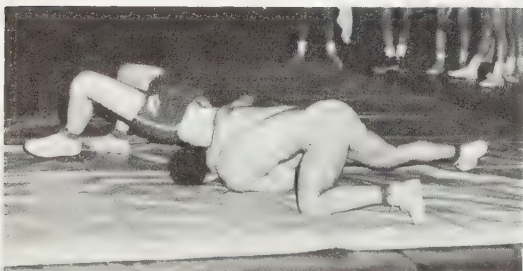

## SPRING SPLASH

The Spring Splash was sponsored by the History-United Nations' Club on April 2nd. Dress was casual and music by Lakeview's own "Viscounts". Free root beer tickets were offered at the doors and other stimulants were available in the cafeteria. The dance was generally regarded as an outstanding success.

## KIN-HI CAMP

Kin-Hi Leadership Camp is a thoroughly enjoyable experience. For a ten-day period at the Quetico Conference and Training Centre, 13 students from this district tried to uncover the meaning of leadership as an understanding attitude towards an individual.

A three-day canoe trip gave us a chance to practice what we had learned in the art of team effort. I personally found that when in the bush, it rains, you get wet, and that's all there is to it. Many thanks to the Kins-Men who make this camp possible.

# CHRISTMAS ASSEMBLY

-LITERARY-

# THEN THERE WERE NONE

--- by David Jarraway, 5A12D.

It was a crisp, moist autumn evening, and the turning of the windmill slowed as the breeze died off from the west. The machinery stopped. At first there was one: a swallow attired in dark, silk tails, white buttoned-gloves, and ruffled lace below the beak was arranging his music on a thimble podium situated on what was to be the concert stage--the largest of the milling wheels. Taking a cane baton from under his shiny wing, he arrogantly tapped three times for the preparatory work of the feature concert of the Amsterdam Little Being (and anything which qualified) Philharmonic Orchestra to begin.

Guests for the evening were the Pebble Brook Bug Choir from the local swamp--sixty delightful little gnats assembling on the far side of the stage, the proud choirmaster, a dragonfly, buzzing with excitement. And then there were seventy: nine brown spiders spread their months of labour across the stage as a curtain--nine finely-meshed webs which were roped and would be drawn by a beetle, who was always humming some Dutch ditty.

Front and centre the orchestra was assembled. First and second violins would be handled by members of the red ant hill located near the large doors of the mill, who actually cheated and played upon finely taut blade fibres tempered from a recent hay harvest. The 'cellos (large blades) were assembled behind and right; the flies were already applying rosin to their straw bows. Fourteen string basses were carried in next and were tuned by an enthusiastic group of June bugs to an A440 pitch, which never really was quite in tune, for they always seemed at their best in June. Four bees alighted back and centre, unscrewed their large proboscis attachments and replaced them with delicate horns, a sort of minute modification of pitcher plant. The woodwinds, of reeds from the swamp, were carried into position. The caterpillars then took off their shoes, for they insisted that it was more comfortable that way. A large wind bass, bassoons, French horns, and trombones augmented the orchestra numbers, modifications of foil wrapping intricately fashioned.

One worried butterfly was distributing music and was "up in wings" over two flute parts that were missing. A centipede was at the back of the stage tuning his six mushroom tympani, while a grasshopper, wearing tuning-glasses and a beret, ran through a few taps on the snares, rang the "blue-bell" chimes and sounded scales on the tinkling icicle glockenspiel. A mosquito, a little tipsy from musical celebration, was polishing his bottle-cap cymbals. The whole orchestra combined in a sigh of tuning.

Fireflies above lighted the stage colourfully through a tinted skyline while ten wasps collected tickets at the front of the theatre and ushered concert-goers into their expensive box seats (elevated ruts) or the more centralized floor seats (a number of pine boughs) the superior comfort to which the blackflies always attested.

The light of the golden moon flooded the stage; all became hushed. The conductor, the smartly-attired swallow, strutted on stage to the warm buzzing and winged applause of the audience. Now there were seven hundred: all filled the tiny hall.

By a roll of the tympani, the concert commenced. The orchestra ran through a number of moving choral arrangements with the Choir and the dragonfly had to be removed for his refusal to cease taking "web-calls". The orchestra featured Beethoven from the classics and Stravinsky from the contemporary. A timid humming bird programmed a few numbers from the Opera and encored with some Dutch ditty that she had picked up backstage from some beetle. The audience responded with mass clapping of antennae and buzzing of appendages. It was an evening resplendant of "underworld culture". But dawn somehow found its way through the window. The concert had to end.

After a short reception with rounds of dew and general comment besides, the audience left. The butterfly collected the music while the spiders folded away their webs. The ants encased their instruments, as did the other strings, and "headed for the hill". After some unscrewing, the bees buzzed off along with other brass and reed principals. The tympanist packed and was off; the percussion-

ists had previously left with the other instruments; the glockenspiel were left to melt. The ticket vendors finished counting profit and left with the "spots"--the fireflies. And then there was one: the swallow conductor surveyed the empty hall making sure all was in order; he flew to the middle of the stage and collected a tiny pair of sun-glasses and a beret.

The concert was over; it was morning. The bird, satisfied with the musically replete evening spiralled to his perch high in the rafters to escape the day.....and then there were none.

## DRIFTING

--- by Bob Haines, 5A10C.

I stood beside a babbling brook,  
Watching leaves drift by,  
Carried by a mild breeze,  
Under a pewter sky.  
The leaves were drifting, drifting,  
Drifting under a pewter sky.

I stood there calmly watching  
Beauty which I'd never found,  
And my thoughts were drifting,  
As the leaves fell to the ground.  
And my thoughts were drifting,  
Drifting, drifting as the leaves  
Fell to the ground.

## THE BULL AND THE BEE

--- by Bryan Simpson, 5A10A.

Once upon a time long ago in a far-off country, there was a bull. And he was very big, and very beautiful and very handsome, and very strong, and very proud, and he declared to everyone that he was the most beautiful bull in the country. (The bull was very large; the country was very small, and all the other bulls who inhabited the country happened to be cows.) There was also a little yellow bee that went, "Buzz".

One day when the bull was out to pasture, he met the bee. "See how pretty I am," remarked the bull.

"Buzz," went the bee.

"Hmm," snorted the bull. "See my big brown eyes," he reflected while gazing at them in a glassy pool.

"Buzz," went the bee.

"See how shapely my horns are," he stated archedly.

"Buzz," went the bee.

"See how sharp my horns are," pointed the bull.

"You're not listening," interjected the bull, getting his dandruff up (his nickname was "Snowflake").

"Buzz," went the bee.

So the bull got mad, and went, "Grr, Snort," and charged, and hit a tree, and the bee went, "Buzz," and stung him.

This goes to show that people who think too highly of themselves usually get stung in the end.

## GETTING OLDER

--- by Margaret Koljonen, 5A10A.

Dolls and trucks and cars are strewn,  
In boxes spread about the attic floor,  
And piled, one on top of another,  
Each year, collections, more and more.  
Being stowed away for no future use  
But to lie there for years and years.  
Forgotten toys of childhood in abuse,  
Forgotten now, but not in future.

## WE DON'T WANT YOU

--- by Lynne Wintermute, 4B10AB.

The Indians,  
The Negroes,  
And any other race  
We say to them:  
"We don't want you.  
You don't look like us."

The Negroes, they last,  
We took their rights,  
We took their freedom.  
But when they try  
To be like us,  
We say to them:  
"We don't want you.  
You don't look like us."

The Indians, we conquered.  
We took their land,  
We took their pride.  
But when they try  
To be like us,  
We say to them:  
"We don't want you.  
You don't look like us."

Someday, some other race,  
May come and conquer us.  
And when we try  
To be like them,  
They'll say to us:  
"We don't want you.  
You don't look like us."

## MEETING OF THE COMMITTEE

--- by Lennard Katainen, G13B.

"Gentlemen, a few years ago, someone on the new ideas' committee of our organization came up with a brilliant idea for bringing in the old hard stuff; as you know, we inaugurated the Community Bowl Game. Monetarily speaking, it was a great gimmick; we get a couple of high school football teams to play for nothing, we use our free advertising for tickets and---oh, yes---institute the cheering contest. The cheering contest was my own baby. We give a prize for the best cheering section from each school. You all know how the high school crowd goes for trophies and all that humbug. All in all, this has been pure genius and everything has been going great; that is, up to now!

"It seems that there is a drinking problem among the students. I don't know how bad the situation is. I've never been at the games myself; you know how the situation is. The kids work at the office, and then this Community Chest works on top. Well anyway, we've had a few reports: broken beer bottles, police trouble, a few brawls here and there, students sleeping on the benches. It seems the spectators don't want to watch the game any more. Here's the rub; we have to do something about this.

"Now, I've had a few give-me-some-suggestions, but there's one that's definitely not going to be followed. We can't cut this deal out. Do you realize the returns this thing brings in? Why, it's a treasure chest! Putting an end to the Community Bowl is going to cut off an important source of the green paper, and you all know that's no way to put our little thermometer down on Arthur Street over the top. No sir!

"As I see it, there's only one solution. Bill, you're in good with the newspapers around here. How about if you go talk to the editors and see if we can't hush this thing up a bit. Jack and I will prevail on the police chiefs to give this night the soft pedal. With a few of your ideas, I think we can really quiet down all this talk about drinking and bring the situation back under control.

"That's all I have to say. Will someone move the meeting be adjourned?"

## G-12 BOYS

--- by Melanii Wojick, 5A9B.

Noisy and boisterous they clomp down the hall,  
All scattered and spread from wall to wall.  
Tall and thin, short and fat,  
Always ready to start a spat.  
They go up the centre and down the end,  
Of all the teachers not one is their friend,  
No one could fit this description so well,  
As our G-12 boys when "gong" goes the bell.

# THE TRAMP

--- by Steve Sanderson, 5A9B.

The old tramp wandered down the road,  
Shouldering his heavy load;  
He stared at the fields, golden with wheat,  
As he trudged down the long, old dusty road.

He thought of the winter,  
Which was coming near;  
He thought of the frost,  
Which he had learned to fear.

The old man stopped,  
And fell in the snow.  
Higher and higher,  
The snowdrifts did grow.

A storm blew up.  
The tramp kept his pace;  
How long could he stand it,  
The cold in his face?

He could not move.  
His life was soon past:  
The snow had covered him,  
And held him quite fast.

## LETTER TO A MOTHER FROM A TEENAGE DAUGHTER OF NEW-FOUND WISDOM

--- by Marilyn Kaiwan, 5A10A.

Dear Mom,

After due consideration, I've decided to annul your ostracism from my life. As surely as the cock crowed three times, I've forsaken you, Mother. I've turned you from a stalwart friend to a prying, interloping foe.

When I tell you of my story, remember, this thing called "growing up" is no mean feat. It is the best of times, it is the worst of times, it is the age of wisdom, it is the age of foolishness. It is an age of agony, and an age of ecstasy with life an interminable seesaw of no equilibrium. So with this gospel, my repentance: 'I put away childish things' and become a woman.... a daughter to be proud of, I think.

Now, you could hardly call me an acquaintance, so little have I let you know me. Your approach is my signal to clam up like a reticent Scotsman. Or at most, answer your queries with a monosyllable which brooks no encroaching on MY life.

Without thought, if you say black, I'll say white--so, is the law of growing up. No more can I artlessly wrap my arms around you. Instead I must stand aloof emitting a 'thank-you' now and then (great concession) which seems to come as extracting a tooth.

Who are my friends? They are everyone, except the one I need most. She has somehow grown to an ogre ready to mow me down. To 'survive', I must.... close the book, quench the fire, and toll the bell-rendering her due.

But that's not true, is it? Never in her life has she hurt me. For her pride is in my success, her life, in that of mine, and this I denied her.

I still have vestiges of childhood in me though, who say, "Oh, but she's so absolutely archaic." Strange how she's managed all these years without a bright little thing like me to light her way.

Mark Twain wrote: "...of my father, when I was eighteen; he knows relatively little, and of my father, when I was twenty-one; he's learned a lot in three years." I hope, Mother, that I've been lucky enough to reach twenty-one in age a few years before my time.

Your daughter,  
(seeing you for the first time in a long time.)

## A DATE

--- by Geraldine Saville, 4B10AB.

I think that I shall never see  
A boy who quite appeals to me,  
A boy who doesn't always wear  
A coat of grease upon his hair.

A boy who wears his shirt tails in,  
And doesn't give that silly grin;  
But boys are liked by fools like me,  
And who on earth would date a tree?
